Dear Sundar and Roman,

Many thanks for organizing this very important event.

We do have a faculty search this year at UCLA Chemical and Biomolecular Engineering and we would be very appreciative if you could send an e-mail on my behalf to all 300 participants in both the faculty candidate poster session and the post-doc candidate poster session to apply to our faculty search by going to:

<https://recruit.apo.ucla.edu/JPF07776>

We strongly encourage all candidates to apply and we will look at all applications very carefully regardless of research area. I am also attaching the pdf file of the faculty search ad. The potential candidates can also explore our Department by going to our website:

<https://www.chemeng.ucla.edu/>

Many thanks,

Panagiotis
