

The Department of Chemistry and Environmental Science (CES) at the New Jersey Institute of Technology (NJIT) invites applications for a tenure-track position at the Assistant Professor level in organic chemistry, broadly defined, starting in the Fall of 2023. Competitive candidates will be considered at higher ranks. The candidate should have a track record in teaching, discovering, applying, and integrating knowledge in the area of Organic Chemistry. Areas of interest include bioorganic, medicinal, and pharmaceutical chemistry. A Ph.D. in Chemistry or a closely related field and relevant postdoctoral research experience are required.

CES is within the College of Science and Liberal Arts and is committed to exceptional core education in liberal arts and excellence in research and scholarship. Many resources, facilities, and collaboration opportunities exist within the Department, College, University, and neighboring institutions. Competitive salary, startup funds, and laboratory space will be provided. The successful candidate is expected to establish an active, externally funded research program and to demonstrate excellence in graduate and undergraduate teaching in chemistry and related science programs.

NJIT is an R1 research university conveniently located in the New York metropolitan area with over 12,000 students, is continuing to build internationally recognized programs in chemistry and environmental sciences. CES ([chemistry.njit.edu](http://chemistry.njit.edu)) offers degrees in Chemistry (BS, MS, and Ph.D.), Biochemistry (BS), Pharmaceutical Chemistry (MS), Cell and Gene Therapy Sciences (PMS), Environmental Science (BS, MS, and Ph.D.), and Forensic Science (BS).

To apply, please visit [www.njit.jobs](http://www.njit.jobs) and submit a letter of application, curriculum vitae, maximum of a five-page description of research plans, a one-page description of teaching interests, and contact information of at least three references. The review of applications will begin on Nov. 1, 2022, and will continue until the position is filled. Inquiries can be sent to [chemistryjobs@njit.edu](mailto:chemistryjobs@njit.edu). Additional positions available in our Department are posted at <http://jobs.njit.edu>

Diversity is a core value of NJIT, and we are committed to making diversity, equity, and inclusion, part of everything we do. We celebrate the diversity of our university community and recognize cultural and personal differences. We strive to cultivate an inclusive campus culture that promotes excellence among our faculty, staff, and students. Building a robust and diverse community is critical to NJIT's continuing status as a premier institution of higher education and a leading polytechnic university.

As an EEO employer, NJIT is committed to building a diverse and inclusive teaching, research, and working environment and does discriminate on the basis of race, color, national origin, age, marital status, gender, disability, religion, or veteran status.
